Colorliner Roller Bolt Assembly

If you are tired of the threads going bad on casted parts others are selling, try ours. They are CNC machined to work as they were designed to, and nickel coated to prevent corrosion. We also machine all of the other parts of this assembly to assure long lasting quality parts. Any part of this assembly can also be purchased separately. If you have any questions about these or any other pressroom related parts, please let us know.

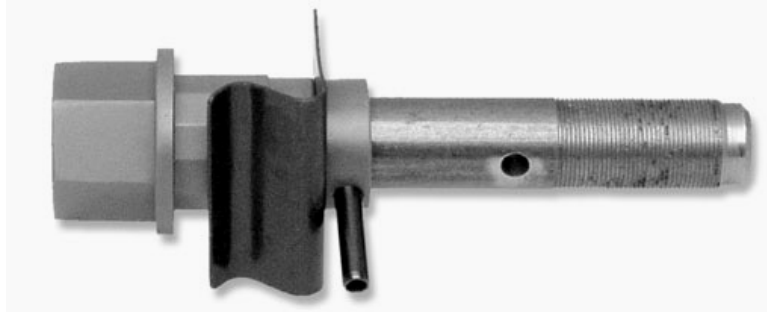

Quantity	Part Number	Description	Price Per Part
