Tramming Gauge

We have designed this Tramming Gauge to help identify the source of your web tracking problems. The Tramming Gauge consists of all the fiberglass and stainless rods, Starrett™ dial indicator, magnetic and regular “V” blocks to allow you to measure from 6 to 160 inches. If you have any questions about this or any other pressroom related item, please let us know.

Quantity	Part Number	Description	Price Per Part
1+	PPP-TRAM	Tramming Gauge	\$600.00 Each
