Adjusting Hub with Horseshoe Shaft

Our folder Spider Horseshoe Shaft is made of solid steel, not a casting like our competitors. The splined shaft is pressed and keyed into the adjustable horseshoe hub, so that you can purchase the shaft or hub separately. We have also allowed for more adjustment on the horseshoe hub. Please give us a call for more information on this or any other pressroom related product.

Quantity	Part Number	Description	Price Per Part
1+	PPP-D13118-1	Adjusting Hub with Horseshoe Shaft	\$1,300.00

Note: Prices Subject to Change Without Notice
