Snake Clip Assembly

Here are the snake clips for your later style RTP's. All parts are the highest quality and machined on CNC Equipment. In the past these assemblies were made primarily from castings. Try ours and you will never use casted assemblies again. We can also supply the snakes for your press. If you have any questions about these or any other pressroom related parts, please give us a call.

Quantity	Part Number	Description	Special Sale Price
1+	C137816-1	Snake Clip Assembly	\$70.00
